# About us

QUBE ELEVATORS, established in 2016, is one of the leading manufacturers and service providers of elevators, with extensive experience in the industry.

## 01

### Comprehensive Solutions

Specializing in installation, modernization, & maintenance of elevators.

## 02

### Hospital Mobility Experts

Elevators designed for safe, hygienic, and efficient patient and staff movement.

## 03

### Hospital Mobility Experts

Custom solutions from wheelchair lifts to large bed elevators, compliant with international standards.

## 04

### Proven Reliability

Known for innovation, precision, and dependable performance in healthcare environments.

# 2016

# Why choose us

---

## ✔ German Technology, Indian Expertise

We integrate world-class German technology with robust Indian engineering to deliver elevators that are precise, reliable, and built to last.

## ✔ Trusted Since 2016

With over 9 years of experience and a proven track record, we've earned the trust of clients across residential, commercial, and institutional sectors. Trusted by doctors, architects, builders, and countless satisfied customers, we take pride in delivering reliable, high-quality elevator solutions tailored to every need.

## ✔ Customized Elevators

We specialize in tailor-made elevators to suit your specific requirements—whether it's cabin size, door type, finishes, or special applications like villas, hospitals, or low-rise buildings without a shaft.

## ✔ End-to-End Solutions

From design and manufacturing to installation, testing, commissioning, and maintenance—we offer complete elevator solutions under one roof.

## ✔ Strong Regional Presence

With headquarters and a manufacturing unit in Chennai, and branches in Hyderabad, Tiruppur, and Tirupati, we provide swift service across Tamil Nadu, Telangana, Andhra Pradesh, and Puducherry.

## ✔ 24/7 Customer Support

Our dedicated support team is always ready to respond—ensuring your elevators run smoothly and safely, day and night.

## ✔ Uncompromising Safety Standards

Our elevators are designed with multiple layers of safety, compliant with national and international standards, ensuring peace of mind with every ride.

## ✔ On-Time Delivery

We value your time. Our streamlined process ensures timely delivery and hassle-free execution, every time.

# Wheel Chair Lift

Qube Elevators' wheelchair lifts are compact, safe, and ideal for hospitals and healthcare facilities. They ensure smooth, quiet operation with user-friendly controls and barrier-free access. Features include precision floor leveling, non-slip flooring, and sturdy handrails to meet top safety standards.

Designed for short-travel applications and tight spaces, they fit seamlessly into both new and existing buildings. Promoting independence and dignity, these lifts are a reliable mobility solution for inclusive healthcare environments.

**Cabin size** is designed to comfortably accommodate a standard wheelchair and one person (attendant).

**Door type:** Manual swing doors or automatic telescopic sliding doors can be used. Automatic doors are recommended for hospitals or commercial use.

**Shaft size** can vary slightly depending on the machine type (MRL or with machine room) and door configuration (center opening or side opening).

## Standard Specifications

Capacity	Weight	Cabin Size (W x D)	Door Size (W x H)	Shaft Size (W x D)
6 Passenger (Wheel Chair + Attendant)	408 Kgs	1000 mm x 1200 mm	700 mm x 2000 mm	1600 mm x 1700 mm
400 kg (Spacious option)	544 Kgs	1100 mm x 1400 mm	800 mm x 2000 mm	1750 mm x 1900 mm

## Wheel Chair Size

**Overall width:** 26 to 28 inches (660 to 710 mm) | **Overall length:** 42 to 46 inches (1067 to 1168 mm)

# Stretcher Lift

Qube Elevators' stretcher lifts are designed for swift and safe patient transport in hospitals and emergency care centres. With spacious cabins and wide doors, they accommodate stretchers, medical staff, and equipment comfortably.

Smooth, jerk-free operation ensures patient comfort during movement. Precision floor leveling allows easy entry and exit, even with wheeled stretchers. Sturdy interiors with anti-bacterial finishes enhance hygiene and safety.

Advanced control systems enable fast response times during emergencies. These lifts comply with all healthcare safety standards. They integrate seamlessly into hospital infrastructure, both old and new. Energy-efficient and reliable, they ensure 24/7 performance. Qube stretcher lifts are essential for any modern healthcare facility.

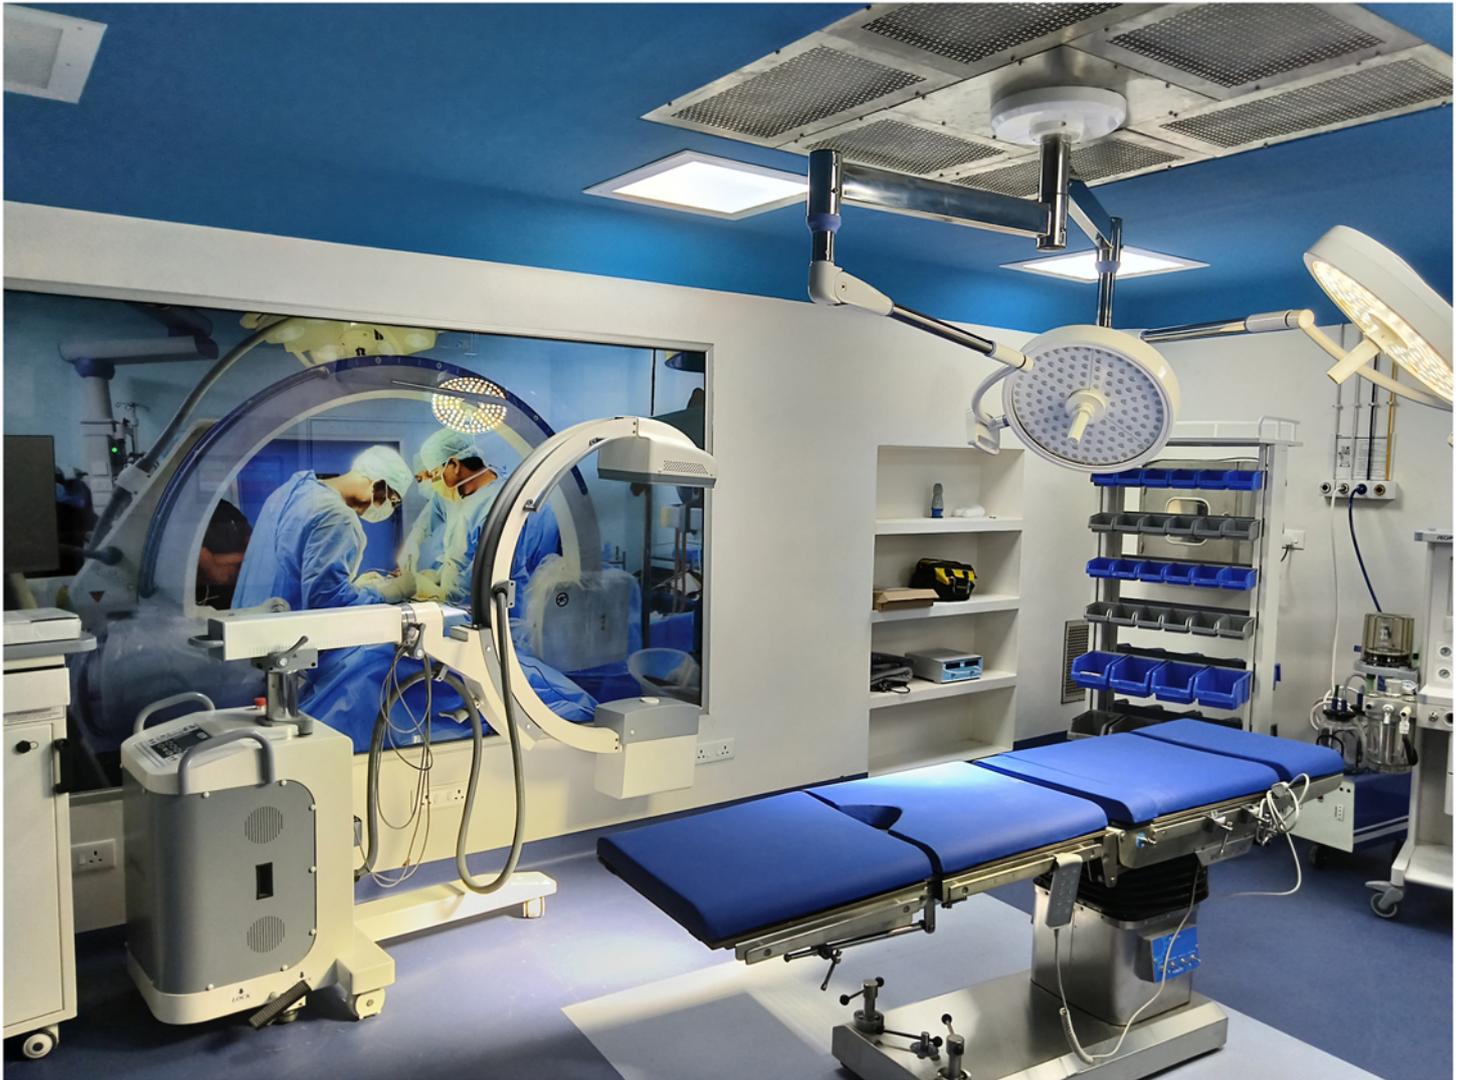

## Standard Specifications

Capacity	Weight	Cabin Size (W x D)	Door Size (W x H)	Shaft Size (W x D)
13 Passengers	884 Kgs	1100 mm x 2100 mm	900 mm x 2000 mm	2000 mm x 2500 mm
15 Passengers	1020 kgs	1100 mm x 2300 mm	1100 mm x 2000 mm	2200 mm x 2700 mm

# Bed / ICU Bed Lift

Qube Elevators' Bed/ICU lifts are engineered for critical care mobility, supporting seamless transport of ICU beds, medical staff, and life-support systems. These lifts are built with extra-large cabins, high load capacity, and durable interiors to accommodate bulky medical equipment without compromise.

Special attention is given to vibration-free, quiet operation to ensure patient stability during transfers. Full-height cabin panels and smooth levelling ensure effortless access, even with advanced ICU trolleys.

The lifts include medical-grade finishes for infection control and easy sanitation. Intelligent control systems allow priority access during emergencies. With fail-safe mechanisms and battery backups, they ensure uninterrupted service. Tailored for high-dependency zones like ICUs, OTs, and emergency wings. Qube's bed lifts are a trusted solution for critical care transport in modern hospitals

## Standard Specifications

Capacity	Weighty	Cabin Size (W x D)	Door Size (W x H)	Shaft Size (W x D)
20 Passengers	1360 Kgs	1300 mm x 2400 mm	1000 mm x 2000 mm	2200 mm x 3000 mm
23 Passengers	1564 Kgs	1450 mm x 2400 mm	1100 mm x 2000 mm	2400 mm x 3000 mm
26 Passengers	1768 Kgs	1600 mm x 2400 mm	1200 mm x 2000 mm	2600 mm x 3000 mm

# Passenger Lift

Qube Elevators' 6 to 10-passenger lifts are ideal for hospitals, clinics, and healthcare buildings with moderate traffic. Designed for comfort and reliability, they offer smooth, noise-free operation and quick travel between floors.

These lifts come in sleek, compact designs with spacious cabins that allow easy movement for patients, visitors, and staff. Available with automatic or manual doors, they ensure seamless access and efficient flow.

Anti-bacterial interiors, non-slip flooring, and safety features like emergency stop, auto-rescue, and overload protection come standard. With energy-efficient drive systems and smart control panels, they reduce power usage without compromising performance. Qube's passenger lifts are perfect for healthcare environments that demand safety, hygiene, and consistent uptime.

## Standard Specifications

Capacity	Capacity	Cabin Size (W x D)	Door Size (W x H)	Shaft Size (W x D)
06 Passengers	408 Kgs	1100 mm x 1000 mm	700 mm x 2000 mm	1600 mm x 1700 mm
08 Passengers	544 Kgs	1300 mm x 1000 mm	700 mm x 2000 mm	1800 mm x 1700 mm
10 Passengers	680 Kgs	1300 mm x 1400 mm	800 mm x 2000 mm	1900 mm x 2100 mm

## Vertical Dimensions:

<b>Speed</b>	<b>1.0 m/sec</b>
Standard Car Inside Height	2200
Standard Door Height	2000
Maximum Travel	60
Standard Pit Depth	1350 to 1500
